The Universal Hour of Peace is celebrated from 11:30 p.m. December 31st to 12:30 a.m. January 1st.

This is how it began — an idea, an ideal, a vision, and a practice that had the power to uplift the consciousness of every individual on Earth who chose to participate. The ideal was that every sentient being on Earth would participate by dedicating one hour a year to peace. This would be the same hour all around the world and there would be an incredible unity of consciousness.

"Peace is achieved by those who fulfill their part of a greater plan." Come fulfill your part by bringing in 2014 with thoughts of peace.
